

invisalign

Straight teeth. No braces.

	Invisalign	Metal Braces
Invisible, so no one can tell	✓	✗
Removable to eat what you like	✓	✗
Does not have uncomfortable metal to irritate your mouth	✓	✗

Complete Sterilization

We have a very strict infection control system, designed to prevent cross infection between patients.

All of our dental instruments are sterilized by autoclave with a high

temperature up to 135°C using a vaporizing effect created from high pressure pushing heat thoroughly all over and through every part of the instrument, even a very tiny space.

Sun, Sand and Great Smiles

Sea Smile Dental Clinic

Phuket, Thailand's, very own tropical paradise not only boasts the lineup of world's best beaches but also as a renowned destination for dental tourism, with it's enchanting beauty coupled with being an international center for commerce in the Andaman region paved way for it's development as the most favorable destination for dental holidays.

Sea Smile Dental Clinic located at Patong area of Phuket Island with 4 dental rooms and equipped with most up-to-date technology and uncompromising sterilization methods. Be it a routine check up or a complex Full mouth dental implants we know how to exceed your expectations.
