

**We** offer a wide range of facilities, from a comfortable environment to pleasant and well-trained staff along with warm, friendly and professional dentists.

**O**ur dentists are highly trained in various specialized fields of dentistry from the finest Thai universities, many with extensive training and experience from abroad. Our team of dentists consists of over 14 doctors with high capability in English speaking

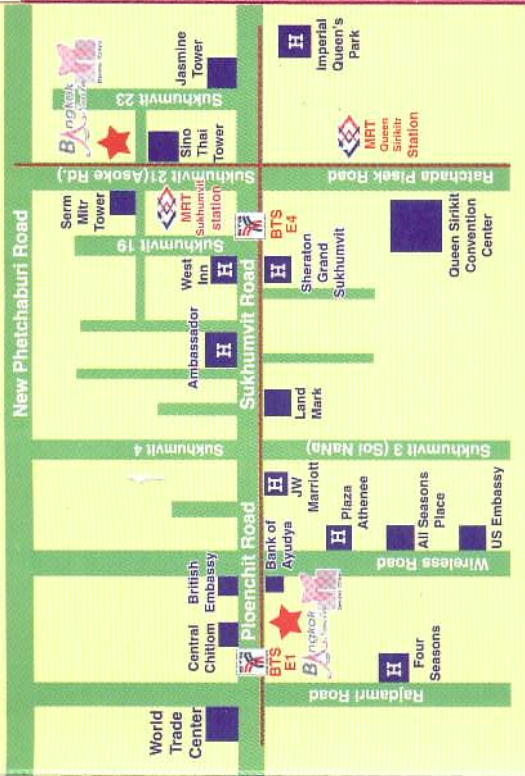

**We** are committed to providing you and your family with every aspect of dental care while ensuring that you are comfortable and satisfy with dental service.

**We** have a very strict infection control system, designed to prevent cross infection between patients.

**A**ll of our dental instrument are sterilized by autoclave with a high temperature up to 135°C using a vaporizing effect created from high pressure pushing heat thoroughly all over and through every part of the instrument, even a very tiny space.
